

STAINLESS STEEL HALF DOME WITH ANTI-LIGATURE FRAME

The DuraVision™ Stainless Steel Half Dome is manufactured from highly polished mirror grade stainless steel. The Half Dome has a 180 degree wide angle reflection and when optimally positioned the entire cell can be viewed at a glance from the observation window. The unique frame and hole design make this mirror strong, effective and virtually ligature free.

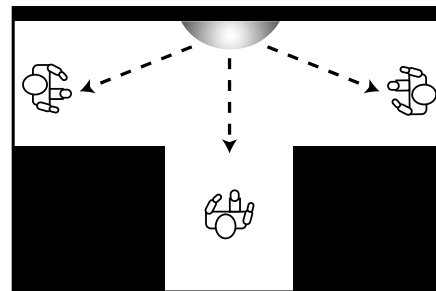

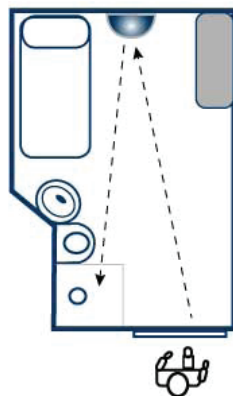

SPECIFICATIONS:

PART NO.	SIZE	* VIEW DISTANCE	MIRROR FACE	FIXING HOLES	FRAME
16529HD	500mm 20"	Up to 5m	1mm Stainless Steel	6	Powder Coated Grey

* View Distance is the combined distance from the observer to the mirror PLUS the distance from the mirror to the area being viewed.

SUITABLE USES:

- In prison cells for safe inspection
- Observation of at risk patients in mental healthcare
- Visitation rooms for 180° viewing
- T-intersections in corridors to avoid collisions
