

MAXIMUM SECURE WALL MIRROR WITH ANTI-LIGATURE FRAME

Maximum Rectangle Secure Anti-Ligature Wall Mirrors are designed for use in Prisons, Hospitals, Mental Health and Behavioral Facilities and Municipal Toilets. The tamper proof powder coated steel frame design is ligature free, resistant to breakage and easy to install. The mirror face is made from highly polished stainless steel with 7mm mounting holes which line up with the frame. When the frame is fixed to a flat wall, the mirror is totally encapsulated and cannot be removed without destruction of the frame (ie: the mirror cannot be pulled out from the front). A non-pick sealant can also be applied after installation where the mirror frame makes contact with the walls to reduce ligature risk.

PART NO.	SIZE mm	SIZE inch	MIRROR FACE	FIXING HOLES	FRAME
16258A	400x300mm	16x12"	1mm Stainless Steel	8	Powder Coated Almond
16258G	400x300mm	16x12"	1mm Stainless Steel	8	Powder Coated Grey
16257A	500x400mm	20x16"	1mm Stainless Steel	10	Powder Coated Almond
16257G	500x400mm	20x16"	1mm Stainless Steel	10	Powder Coated Grey
16259A	600x500mm	24x20"	1mm Stainless Steel	12	Powder Coated Almond
16259G	600x500mm	24x20"	1mm Stainless Steel	12	Powder Coated Grey
