

STAINLESS STEEL WALL DOME

The Unbreakable wall mounted dome gives 180 degrees of vision and is ideal for preventing surprise attacks and collisions in vandal prone areas. The highly polished stainless steel face will resist repeated blows. This mirror works best in areas such as subways and rail platforms, underpass locations, underground corridors and in multi-storey car parks and if attacked with graffiti or spray paint, this can be easily removed with solvents.

SPECIFICATIONS:

PART NO.	SIZE	* VIEW DISTANCE	MIRROR FACE	FRAME	MOUNTING HOLES	HOLE SIZE
16505WD	500mm	Up to 30m	.9mm Stainless Steel	Powder Coated Steel	Tamper-proof	6 x 7mm
